

## RECORDING AGREEMENT

My name is Elizabeth Achol (RECORDIST)

I am working on the team of a university project called 'Metre and Melody in Dinka Speech and Song' This project is being run purely for educational purposes. We aim to collect recordings of songs for music libraries (archives) in universities in the UK and Sudan, which we would like to study and make available to the people of Southern Sudan. In order to do so, we require the full permission of all performers whose song we record.

This is to ask your permission about the recording and use of your songs:

Please could you tell me your name and address (Performer)?
