Images 1067-1092. Miscellaneous diseases of swans.

1067. Aspergillosis in mute swan 1. Fungal plaques on thoracic airsacs. D867.jpg
1068. Aspergillosis in mute swan 1. Fungal plaques on thoracic airsacs. D866.jpg
1069. Aspergillosis in mute swan 2. Fungal nodules in extra-thoracic diverticula of clavicular airsac, near shoulder joint. D4471.jpg
1070. Aspergillosis in mute swan 2. Fungal nodules in extra-thoracic diverticula of clavicular airsac, near shoulder joint. D4472.jpg
1072. Aspergillosis in mute swan 2. Fungal nodules in lungs, surface pleurisy. D4477.jpg
1074. Aspergillosis in whooper swan. Fungal nodules in extra-thoracic diverticulum of clavicular airsac, near cervical spine. D4539.jpg
1075. Aspergillosis in whooper swan. Fungal nodules and plaques in intra-thoracic clavicular airsac (sternum, oesophagus and trachea partially removed). D4542.jpg
1076. Aspergillosis in whooper swan. Fungal nodules and plaques in intra-thoracic clavicular airsac (inner aspect of sternum). D4547.jpg
1077. Aspergillosis in whooper swan. Fungal nodules in lungs. D4549.jpg
1078. Aspergillosis in whooper swan. Enlarged liver with necrotic areas. D4543.jpg
1079. Aspergillosis in mute swan 3. Fungal thickening of extra-thoracic diverticulum of clavicular airsac, near shoulder joint. D5742.jpg
1080. Aspergillosis in mute swan 3. Fungal thickening of extra-thoracic diverticulum of clavicular airsac, near shoulder joint. D5743.jpg
1086. Aspergillosis in mute swan 4. Fungal plaques at syrinx. 4437.jpg

1087. Aspergillosis in mute swan 4. Fungal nodules and plaques on airsac. 4440.jpg

1088. Mute swan 5. Thickened thoracic airsacs (unopened). Concurrent aspergillosis and avian tuberculosis. 9816.jpg

1089. Mute swan 5. Thickened thoracic and abdominal airsacs (unopened). Concurrent aspergillosis and avian tuberculosis. 9818.jpg

1090. Concurrent aspergillosis and avian tuberculosis in mute swan 5. Thick caseous contents in abdominal airsac. 9824.jpg

1091. Concurrent aspergillosis and avian tuberculosis in mute swan 5. Purulent contents in thoracic airsac. 9828.jpg

1092. Concurrent aspergillosis and avian tuberculosis in mute swan 5. Nodules in lung. 9830.jpg
